Volunteers play a vital role in the life of the school and we are most thankful to those who give of their time and talents in this way.

As a Christian School we are guided by love and respect for others. At the same time, the school is a workplace required by law to follow certain procedures to ensure a safe environment. This policy gives you expectations and procedures to ensure your enjoyment and safety when you are working at the school, as well as the enjoyment and safety of the children. If you have any further questions, please do not hesitate to ask.

DEFINITION:

Volunteer school worker means a person who without remuneration or reward voluntarily engages in school activities.

PREAMBLE

When children begin their schooling at Peace Lutheran Primary School, teachers and parents must become partners in facilitating their child's learning. One of the most important things we can do for children is to allow them to see parents and teachers working together. This helps children realize there is a bond between home, community and school. Parents and other caregivers who work in the school come to understand their child's education better.

At Peace we welcome the involvement of community members in our school. Volunteers in particular enable our school to offer educational services and facilities to our students and staff at a higher standard than would be attainable without their help.

Some children may not be ready to have their parents in the classroom with them. In the classroom, parents have a different role; they are assisting the teacher. However, some children are unable to accept their parents in any role other than parent. In these cases, it is better for the parent to volunteer in another area of the school.

GENERAL INFORMATION AND EXPECTATIONS

- If the volunteer is a parent of the school, by law they are exempt from holding a blue card but it is requested that they remain in the designated classroom under the supervision of nominated teacher/s. Volunteers are asked not to wander throughout the school or other offices during their time on site.
- Our blue card requirements for volunteers differ for camps. If volunteers are needed as extra adult helpers on camp Peace gives parents who have children with special medical needs and parents with blue cards preference to attend camps over non blue card holders. This is done in accordance with our Risk Management Policy to ensure minimal risk to students.
- If the volunteer is not a parent of the school, (eg sport representatives, coaches, speakers) they must supply evidence of holding a current blue card to be eligible to assist in classrooms/outside sport etc
- The school's insurance policy covers volunteer workers. If volunteers are ever injured while working at the school, this is to be reported to the school office. For your future protection it may be appropriate to complete an incident report.
